BON BON 9.0

WELDING WITHIN EVERYONE'S REACH

"ONLY THOSE WHO ARE
CRAZY ENOUGH TO THINK OF
CHANGING THE WORLD REALLY
CHANGE IT"

WELDING WITHIN EVERYONE'S REACH

Automa 2000 and its team of designers, after 3 years of work, present the innovation of the Brand with something new never seen before. We have created the future and the Bon Bon is the beginning of a new era, a jewel in the world of positioners.

An attractive shape and a meticulous study with attention dedicated to every detail, luxury finishes, unique, compact, elegant, reliable, practical and robust.

The world's first voice-activated positioner.

**AUTOMA 2000 WITH ITS BON BON CHANGES
THE WORLD OF POSITIONERS.**

- Capacity 250 KG in all positions
- Octogonal table machined with mirror finish
- Double machine tooled slot for jaw chuck centering
- Machine completely enclosed and isolated from processing dust
- Positioner with two controlled axes
- Electric tilt with position control
- Brushless motors with absolute encoder
- Speed range: 0.0001 – 10 RPM (constant torque)
- Extreme precision thanks to zero backlash gearboxes
- SIEMENS electrical components
- S7-1200 PLC
- SINAMICS V90 drives
- Remote assistance
- Fully digital human/machine interface via SIEMENS KTP700 mobile touch-screen display
- Interfacing with any PROFINET device (cobots, robots, welders and any AUTOMA semi-automatic system)
- Ergonomic and shock-resistant control panel
- Possibility to create customized work cycles
- Internet connection via WiFi for remote assistance
- Customizable voice commands available in 5 languages (Italian, English, French, German and Spanish)
- Wireless microphone
- Over 20 standard programs already included + 10 customizable programs
- Welding mass 400A (100%)
- 230V power supply

ADVANTAGES

Made in Italy

36 month warranty

Greater productivity due to reduced downtime

Possibility of carrying out even the most complex processes thanks to the interface with external systems and customized cycles

Brushless motors allow repetitiveness and make a wide speed range available

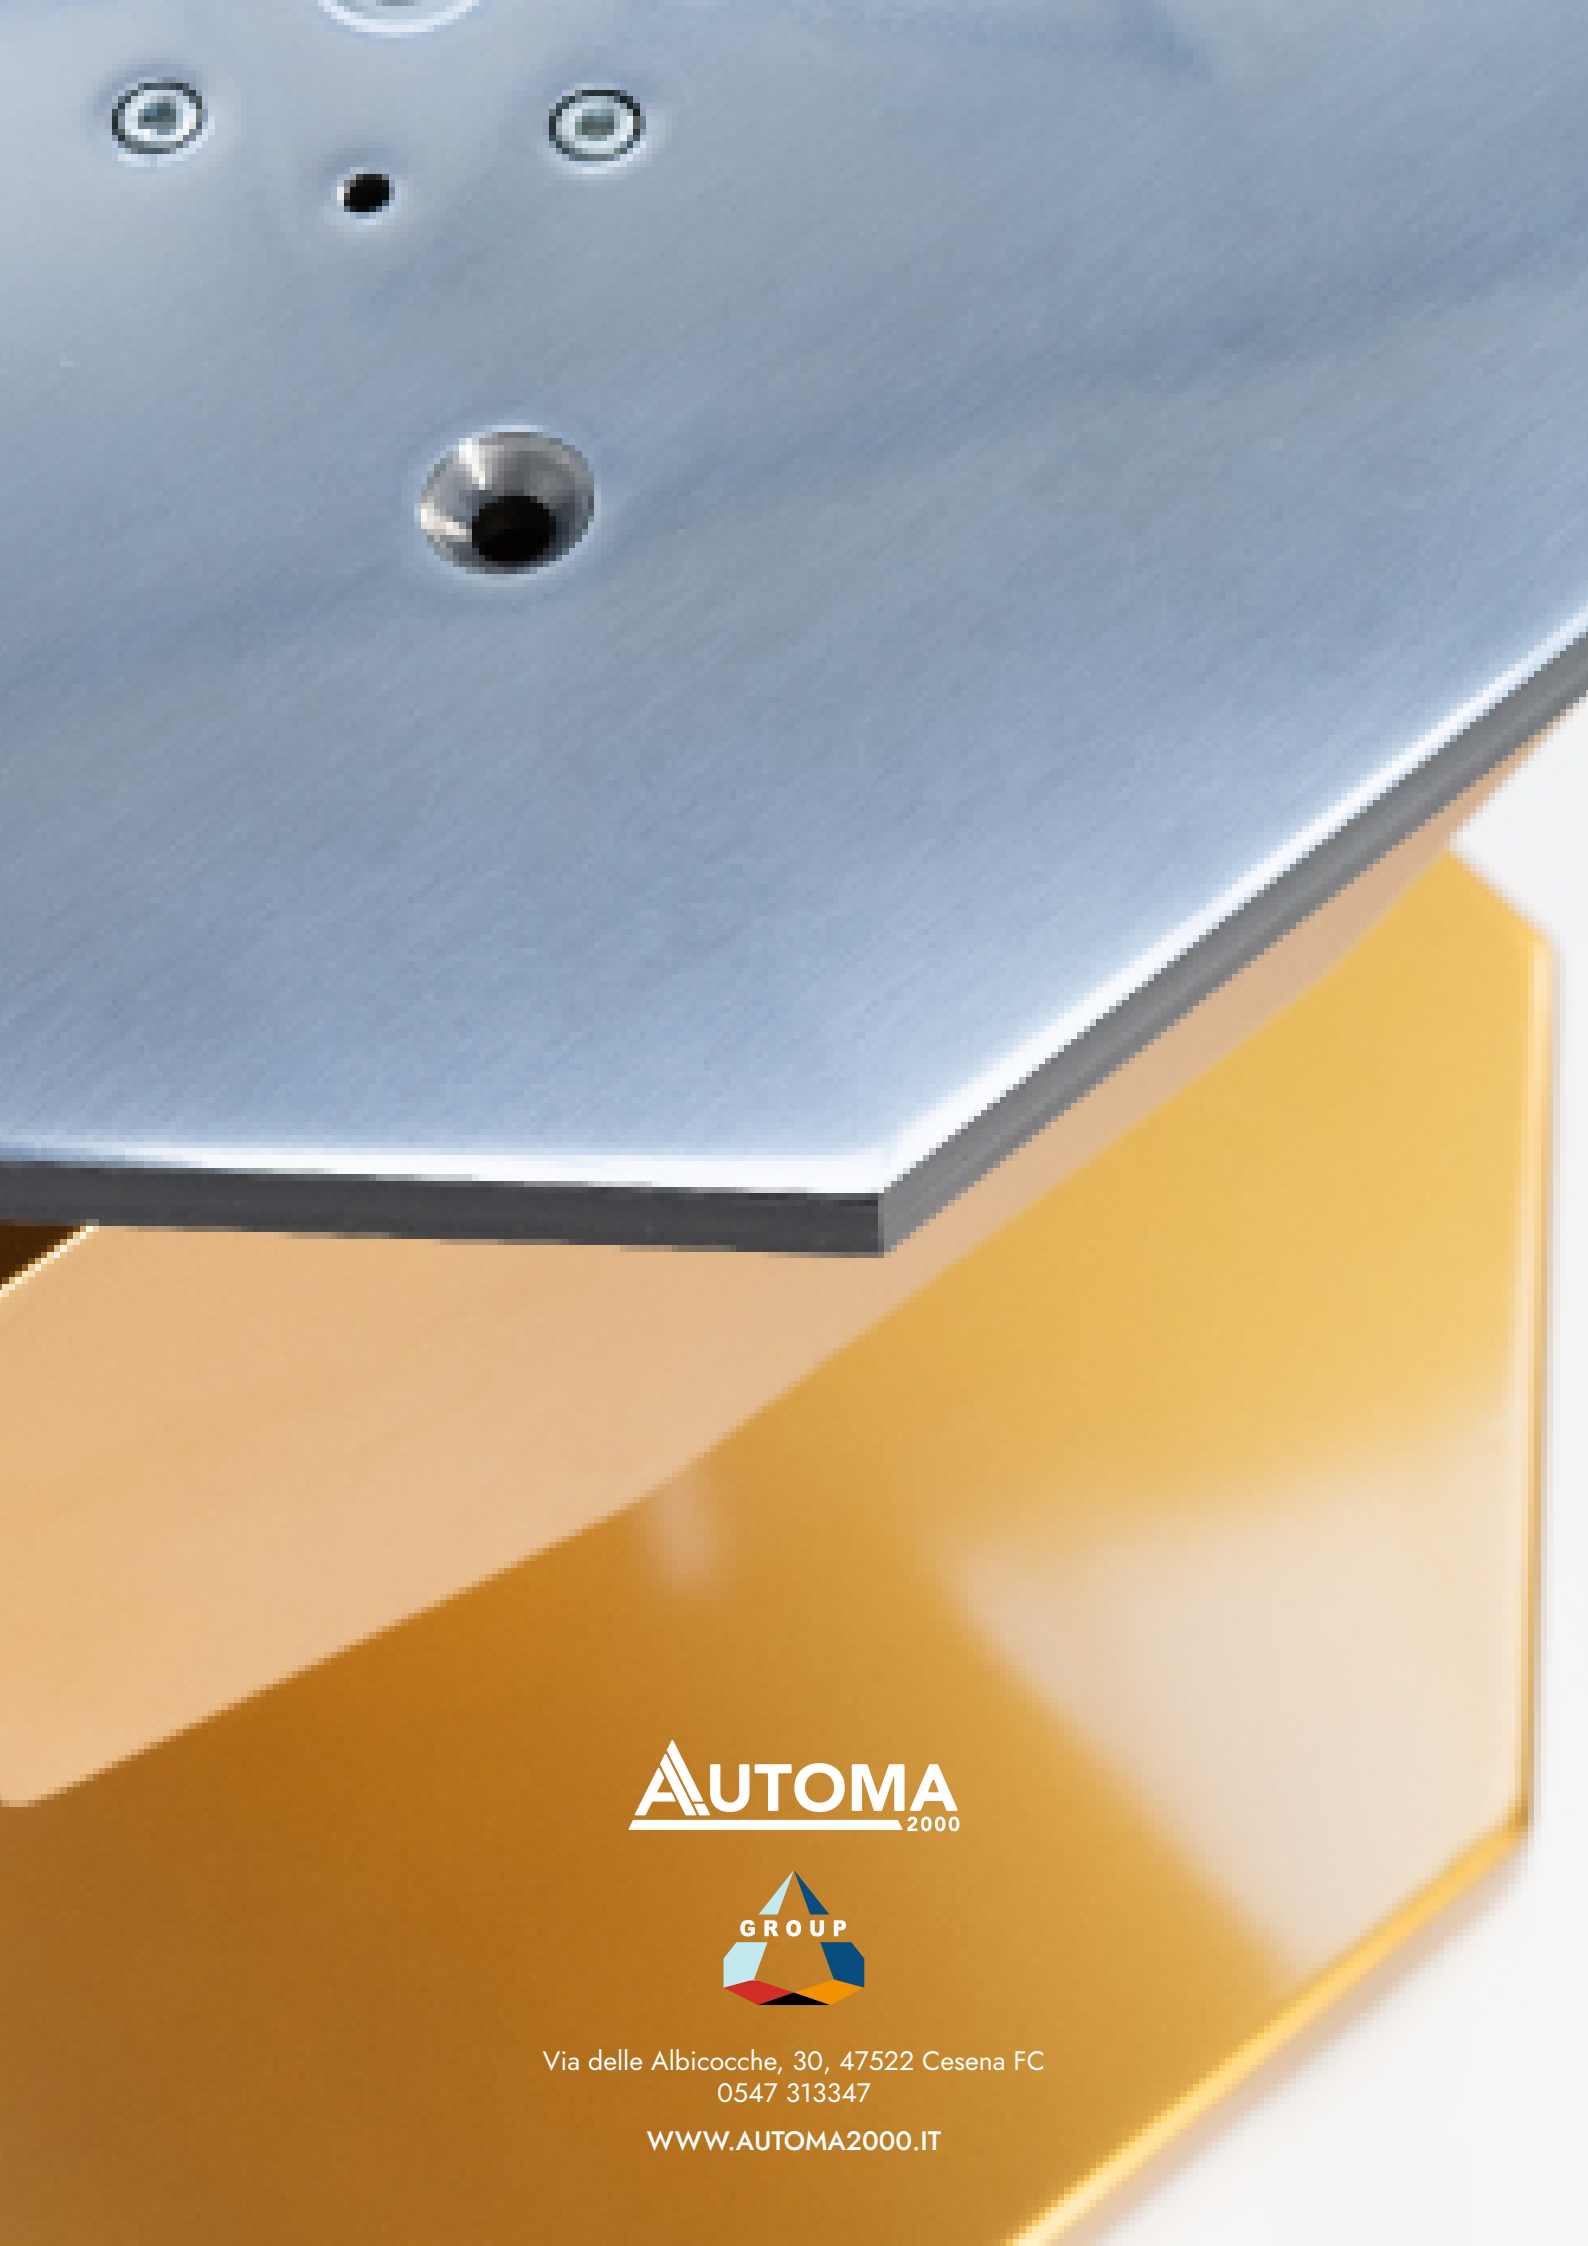

The operator works in complete safety thanks to the use of voice command, avoiding any physical contact with the machine

Simple and intuitive programming

Thanks to the headset it is possible to use Bon Bon even in noisy environments
